

A. Look at the pictures. Match them with the phrases. One is done for you.

eating food

touching a wound

using a toilet

sneezing

touching garbage

B. Read and say.

Washing hands is a good habit. Read about when we should wash hands:

before and after eating food	
 before and after touching the nose, the mouth and the eyes	
before and after touching a wound	
 after using the toilet	
after coughing or sneezing	
 after touching a pet or an animal	
after playing outside	
 after touching garbage	

Wash your hands during these times to stay healthy.

C. Pairwork: Look at the pictures. Say when you should wash your hands. One is done for you.

We should wash our
hands after using toilet.

D. Now, list the activities in the right column. One is done for you.

Washing hands	
Before	After
eating food	

E. Read the text in B again. Ask and answer in pairs.

1. How do you wash your hands?
2. Why should you wash your hands?
3. When should you wash your hands?

F. Make a poster to instruct others about washing hands properly. Use the following clues to write about it.

- Use clean water and ...
- Rub your hands ...
- Wipe your hands ...
- Wash hands before ...
- Wash hands after ...
